ABOUT LEIDOS

Leidos is a Fortune 500® information technology, engineering, and science solutions and services leader working to solve the world’s toughest challenges in the defense, intelligence, homeland security, civil, and health markets. The company’s 36,000 employees support vital missions for government and commercial customers. Headquartered in Reston, Virginia, Leidos reported annual revenues of approximately $11.09 billion for the fiscal year ended January 3, 2020. For more information, visit www.Leidos.com.
Jobs at Leidos

Intelligence Trainer
McLean, VA
Leidos is seeking an Intelligence Trainer to support an IC customer’s operational requirements. This position requires a TS/SCI with Polygraph. The Intelligence Trainer will lead classrooms comprised of 2-15 students on a weekly basis. The Trainer will be responsible for gathering lesson plans, materials, and training manuals for new hires. The Trainer will lead classes that span 4-8 weeks. The Trainer will be responsible for assisting government leadership with certifying students after students complete the training course.

Project Manager
Stennis Space Center, MS
Leidos is currently seeking a Project Coordinator with the proven ability to support multiple IT projects on the SENS3 contract. The Project Coordinator will provide guidance to customer and contractor alike to ensure customer’s IT needs are met in an organized and timely manner while satisfying all contractual administrative requirements as needed by the SENS3 Project and Business offices. Candidates must possess an active Top Secret Clearance.

Senior Field Service Engineer
San Diego, CA
Varec, Inc., a wholly owned subsidiary of Leidos, is seeking a Senior Field Service Engineer to support Varec’s customers in Southern California, and other U.S. areas. The qualified candidate for this position will provide on-site and remote support to Varec customers for Tank Gauging and Liquid Inventory Management Systems.

Journeyman Logistician
Huntsville, AL
The Defense Group at Leidos has a contingent opening for a Journeyman Logistician to work in Huntsville, Alabama. This role is in support of the Integrated Base Defense Contract Sustainment Support warehouse operations. Daily duties include journeyman-level logistical support of all applicable logistics operations which include but not limited to logistical support of the associated equipment, parts, and supplies associated with the IBD systems.
