ABOUT TRAVELERS

The Travelers Companies, Inc. is a leading provider of property and casualty insurance for auto, home and business. A component of the Dow Jones Industrial Average, Travelers has approximately 30,000 employees and operations in the United States, Brazil, Canada, Ireland and the United Kingdom. Travelers was founded in 1853 and is one of the oldest insurance companies in the U.S.

The company is continually recognized for its military-friendly culture, and is committed to hiring current and former military personnel and military spouses. Through their strong foundation in the areas of leadership, discipline and pride, Travelers believes those with military experience have the talent and drive to make the company even more successful.

Jobs at Travelers

Sr. Scrum Master

Hartford, CT

Travelers is seeking a Sr. Scrum Master to join our organization as we grow and transform our Agile landscape. Individual will leverage their expertise to lead Agile practices at the team level for multiple teams, assist with managing and prioritizing work through the backlog, creatively solve problems to accomplish outcomes, track team output and achievement, and identify continuous process improvement opportunities. Collaborate. Ideate. Innovate. Create.

Risk Control Consultant, Field

Irvine, CA

Develops and oversees delivery of Risk Control services to assigned accounts country-wide. Has the ability to market and sell Risk Control services in new business presentations and to existing clients. Manages account budgets while responding to customer needs. Understands exposures and controls by class of business and can effectively communicate information to underwriting. This role reports to the Risk Control Director National Accounts.

Strategic Sourcing Manager

Hartford, CT

Under general supervision, the Manager, Strategic Sourcing Specialist is responsible for collaborating with Travelers technology organizations in the execution of the Procurement process and related best practices. The position is responsible for strategic sourcing and negotiation of technology contracts, as well as managing a portfolio of technology suppliers and associated technology and business customer relationships. Works cross-functionally in conjunction with Corporate Legal, Businesses, and our Technology organizations in all aspects of strategic sourcing.

Featured Training Partners

National 
Healthcareer
Association*

National Healthcareer Association

The National Healthcareer Association (NHA) is here to help you access a better professional future through allied healthcare certification. NHA empowers service members, transitioning service members, veterans, and military spouses with tools to map military training and benefits to NCCA accredited and nationally recognized allied health certification and continuing education for those who hold a certification through NHA. If interested, please contact Cassie Cunningham at military@nhanow.com or [click here](#).

Featured Training Partners

Apprenti

Apprenti provides a proven pathway for underrepresented groups, including veterans, to gain training, certification and placement within the talent-hungry tech industry. Through registered apprenticeship, apprentices gain the technical training, certifications and on-the-job training necessary to transition into tech occupations, such as Data Center Technician, Software Developer, Network Security Administrator, Cybersecurity and more.

For more information, visit ApprentiCareers.org.

Vets2PM

Many people, including transitioning service members and veterans, can struggle with changes involving organizational cultures. Vets2PM created a simple, yet comprehensive, four-step process and support team to help veterans achieve meaningful, lucrative careers after their transition. Vets2PM also provides training and support for PMP, PMI-ACP, and CAPM Certifications.

For more information on Vets2PM's Veterans program and to apply, [click here](#) and check out Vets2PM events [here](#).
