About the National Geospatial-Intelligence Agency

Anyone who sails a ship, flies an aircraft, goes into harm’s way, makes national policy decisions, responds to disasters, or navigates with a cellphone, all rely on the National Geospatial-Intelligence Agency. NGA delivers world-class geospatial intelligence, or GEOINT, that provides a decisive advantage to warfighters, policymakers, intelligence professionals and first responders. Both an intelligence agency and a combat support agency, NGA fulfills the president’s national security priorities in partnership with the intelligence community and Department of Defense.

NGA is headquartered in Springfield, Virginia and has two major locations in St. Louis and Arnold, Missouri. Hundreds of NGA employees serve on support teams at U.S. military, diplomatic and allied locations around the world. For more information, visit us online, on Facebook, or Twitter.

Jobs at The National Geospatial-Intelligence Agency

Contract Specialist
St. Louis, MO or Springfield, VA

Contract Specialists plan and manage acquisitions to procure a variety of products and services for NGA. They interact with customers to develop and implement an acquisition strategy, solicit and evaluate proposals, and negotiate and award contracts. They also administer contracts, including monitoring contractor performance, preparing modifications, resolving problems, and terminating and closing out contracts. They may also hold a warrant that would authorize them to obligate the Government subject to the limitations expressed on their warrant.

Maritime Analyst
Springfield, VA or St. Louis, MO

Maritime Analysts acquire, analyze, compile, and disseminate maritime safety information to populate and update nautical databases, charts, and publications. They also promulgate worldwide navigational warnings, provide quality assurance for maritime products, generate mission-specific datasets, and respond to queries from the users of products and foreign hydrographic offices. These duties fulfill NGA’s Maritime Safety Office obligations under U.S. Code Title 10, Federal and international laws, regulations, and national security.

Source Strategies Analyst
Aurora, CO or St. Louis, MO

Source Strategies Analysts collaborate with customers and source providers to develop comprehensive multi-intelligence (multi-INT), multi-source strategies to address intelligence problems. They create tasking and dissemination requirements; adjudicate requirements; analyze and investigate collection performance; assess and report on end-to-end GEOINT system performance data; and advise customers in support of the National System for Geospatial-Intelligence (NSG).

IT Operations Engineer
El Paso County, CO

IT Software Developers identify, document, and analyze customer, business, and system requirements; evaluate alternative approaches; and design and develop solutions tailored to specific Agency, systems, and customer requirements. They lead the testing and integration of new and modified solutions into the system. They review and provide guidance on software and configuration management of code developed internally and by vendors; test software developed internally and by vendors; and respond to urgent customer requests to develop and deliver unique solutions.
Featured Training Partners

npower

NPwr
NPwr is a national nonprofit organization that seeks to create pathways to economic prosperity by launching digital careers for military veterans and young adults from underserved communities. We seek to empower under-represented talent to pursue tech futures by teaching the digital and professional skills demanded by the marketplace, and engaging businesses, volunteers and nonprofits in the long term success of our students. NPwr provides a range of social service support (housing referrals, clothing donations, travel assistance, etc.) to students during their tenure in the program, and our commitment to graduates is focused on job persistence and long-term career growth. NPwr currently operates in New York, Texas, California, Maryland, Michigan, New Jersey, and Missouri.

New York Film Academy

New York Film Academy College of Visual & Performing Arts (NYFA) teaches students the art of filmmaking and related visual and performing arts through blending traditional school instruction with practical, hands-on experience. NYFA is one of the largest independent international film and acting school in the world. Since 1992, NYFA has been offering innovative curricula taught by award-winning instructors using industry standard equipment. NYFA is nationally accredited and regionally accredited by the Western Associations.

NYFA has campuses in Los Angeles, CA; Miami, FL; and New York City, as well as branch campuses in Gold Coast, Australia and Florence, Italy. The School offers a variety of programs in areas such as filmmaking, acting for film, photography, 3D animation and visual effects, game design, screenwriting, producing, documentary, cinematography, broadcast journalism, and musical theatre. NYFA has a dedicated veteran-student support office that works closely with veterans to advise on educational and career choices. NYFA’s campuses offer the Yellow Ribbon Program.
